Historical Overview of the Southern District

Our Purpose The Southern District of the Institute of Transportation Engineers (SDITE) is composed of professionals who have united to contribute individually and collectively toward meeting human needs for mobility and safety, and to promote the professional development of SDITE members.

Our History The national organization was formed October 2, 1930 in Pittsburgh, Pennsylvania. In 1952, four southern members of national ITE agreed to start a “Southern Section” and began to piggyback their meetings with the Southern Safety Council annual meetings. In 1953 twelve ITE members drafted a petition requesting a Charter for the Southern Section (SSITE), granted on November 1, 1953. SSITE began to actively represent the interests of transportation engineers in the Southeast. Since then, there have been several routine changes in structure as states joined and withdrew from the organization and as the national organization matured.

Over the years, sub–units of SSITE were formed. These were initially called Divisions: Virginia – 1958, Georgia – 1962, North Carolina – 1963, Tennessee – 1963, Kentucky – 1969, South Carolina – 1969, Alabama – 1973, and Deep South (Louisiana/ Mississippi) – 1975. In 1975, Virginia withdrew from the Southern Section and petitioned to become its own Section, and was granted a charter.

International ITE created a system of districts in 1973; District 5 was composed of the Southern, Florida, and Texas Sections. Over time, separate districts were created for Florida and Texas, and in 1987 SSITE and Virginia Section voted to merge and form a single district. International ITE granted a charter to SDITE the next year. At the same time, the seven Divisions became Sections. For those members who are interested in the rich history of the District, two documents are available. The SDITE website contains an interesting article entitled, “Our Roots: 1920–1989, An Executive History of the Southern District.” A more detailed document entitled, “A History of the Southern Section of the Institute of Transportation Engineers” was prepared in 1988 by a committee of past presidents led by Jack C. Marcellis.

Thomas, Jr.

SPECIAL RECOGNITION

2002 – Carter Lee (Lifetime Achievement Award for being founding member of ABD)

BEST TECHNICAL COMMITTEE REPORT AWARD

This award was created to encourage participation in District technical activities and to provide an incentive to prepare quality committee reports. The award is presented to members of authorized technical committee who submit the best report of its task activities, based on the report’s significance, scope, validity and organization.

JOHN F. EXNICIOS GOVERNMENT EMPLOYEE OUTSTANDING SERVICE AWARD

At the April 2006 Southern District ITE Annual Meeting in Jackson, MS, an award was established to recognize outstanding contributions to their community, to transportation engineering in the public sector and to the Southern District of ITE. The award was named in honor of John F. Exnicios, the longtime traffic engineer for the City of New Orleans.

EXCELLENCE IN TRANSPORTATION ENGINEERING EDUCATION AWARD

At the April 2009 Southern District ITE Annual Meeting in Birmingham, AL, an award was established to recognize an individual who contributed outstandingly to the education of future leaders in the transportation engineering field and to their local Section or the Southern District ITE. Because the South has been blessed with a number of outstanding educators at many of its Universities and therefore would be difficult to single out just one educator above all others, the award is not named after an individual.
