### **Why I am running for SDITE Secretary/Treasurer**

- I have been an ITE Member since 2005 and involved in service to the organization since 2008
- ITE has been the primary professional organization for me and my team at Sain Associates
- I have developed many new friendships and professional relationships with members of ALSITE and SDITE
- I have acquired valuable operational insight through service to ITE at the Section and District levels
- I would like to be a part of continuing Sain Associates' legacy with active ITE engagement and service

I am running for Secretary/Treasurer to add to the knowledge and relationships gained through service to ITE, and for the opportunity to learn from and serve alongside other District leaders. I wholeheartedly support the current SDITE Executive Board's goals, objectives, and Strategic Plan. I would look forward to the opportunity to promote collaboration within the organization at all levels working toward making progress on those goals and objectives. We are making great progress in young member engagement, and I would look forward to the opportunity to continue that momentum with support and empowerment of our young talent to take our young member involvement and service to the next level. My heart resides in technology, so I will always have an interest in the progress we make as new and exciting resources are being added to our toolbelt.

### **Things people may not know about me & my family**

- Jamie and I attended Alabama at the same time, but met only because I stayed for a Masters' degree
- Online broadcast director for my home church
- Parent volunteer PA announcer for youth/middle school/junior varsity football, and varsity girls soccer
- Huge overall sports fan, including international soccer
- Walt Disney World is our favorite vacation spot
